

## Press Release

Cadenazzo, 12.06.2008

*Dear Spare Part Dealers & Services,  
Harvesting season is approaching. Are your stocks ready?*

### **Essebifil Trading LLC NY, branch of Cadenazzo (Switzerland) introduces KD Agricultural series air filter elements.**

CADENAZZO/Switzerland – Essebifil Trading LLC NY, branch of Cadenazzo (Switzerland), today announced the launch of KD Agricultural series, replacement air filters for tractors and combines models of [New Holland](#), [Massey Ferguson](#), [John Deere](#), [Claas](#), [Case](#) and other major brands.

*In the hard conditions of fields only the good air filters survive & protect your engines!*  
KD Agricultural series air filter elements meet the most stringent requirements for the newest engines and due to their lightweight construction are easy to handle.

**KOJEN® Filtre** is a leading manufacturer of high quality air filters. In business since year 2000, the Edirne, Turkish-based company has been serving the power generation, automotive and industrial sectors as aftermarket supplier.

Kojen® Filtre products are available internationally exclusively through Essebifil Trading LLC, Branch of Cadenazzo (Switzerland).
